Couch/Hygiene Rolls

Barrier Healthcare offers a range of couch rolls and hygiene rolls made from top quality pure and recycled paper, offering extremely good value to suit all budgets. Whilst the Delta, Barrier and Firona-EB products are well established in the market we have now launched a 100% pure pulp product called Firona 40. See below for more information.

Delta

Delta couch rolls are made from 80%pure 20% recycled paper pulp. Each roll is 48M long with easy tear perforations.

More meterage per roll equivalent to £15.00 per 9x40m roll or £12.00 for a 9x32m roll

	Code	U.O.S	Price	4+ Ctn
White 20" Couch 2 Ply 125 Perforated Sheets 50x38cm (48m)	E760	9 Rolls/Ctn	**£18.50**	**£17.50**
White 10" Hygiene 2 Ply 125 Perforated Sheets 25x35cm (48m)	E411	18 Rolls/Ctn	**£18.50**	**£17.50**
Blue 20" Couch 2 Ply 125 Perforated Sheets 50x38cm (48m)	E411	9 Rolls/Ctn	**£18.50**	**£17.50**

Firona 40

Firona 40 is our new product made from pure virgin pulp with 40M per roll. This is our most cost effective product.

	Code	U.O.S	Price
White 20" Couch 2 Ply 110 Perforated Sheets 50x37cm (40m)	JL401	9 Rolls/Ctn	**£12.95**

B|Braun Hand Sanitisers

In the fight against MRSA and other harmful hand borne organisms, B Braun Medical developed Softalind, a hand sanitiser, available in both liquid and viscous form, that not only achieves but exceeds the EN1500 standards against which all hand sanitisers are tested.

As used in the NHS

Hand Sanitisers & Skin Care

Ask For your Free Samples

The B|Braun formulation leaves skin feeling soft and smooth and allows the donning of gloves immediately after application if necessary, which makes softalind a must for your practice.

Cryosurgery

Cryoalfa - S

Cryoalfa S is a trigger operated cryosurgical appliance giving the practitioner complete control enhancing the patient and user experience. Available in kit form (with 1 cylinders) or individually with a Non-contact or Contact Applicator head.

The Cryoalfa-S kit (pictured) includes 1 x 16g N20 cylinders plus the applicator. Cryoalfa operates at -89°C as illustrated, which shows a theorectical gradient to -49°C at 3mm depth. Cryoalfa-S is operated at a distance off the skin of approx 1mm. The Cryoalfa-SK is a contact applicator used primarily in cosmetic treatment with the cryogen injected in the head of the applicator which then freezes the tissue it makes contact with.

Cryoalfa Lux

The Cryoalfa Lux is a more versatile instrument compared to it's stable mate the Cryoalfa - S.

The Lux has a detachable head enabling the user to change the delivery tip depending on the application. Accessories for the Dermatologist: a set of 4 contact tips each 22mm long with 1mm, 2mm, 3mm and 4mm apertures. For the Gynaecologist: there are three contact tips with the same aperture of 4.5mm contact area but the applicators are 6cm, 9cm & 13cm long.

Physiotherapy Products

HEGU- Balance Tape

What is BALANCE TAPE? also known as Kinesiology Tape. The benefits of BT, which allow dynamic movements once applied are:

- **Normalizing muscle function**
- **Improved flow of blood, lymph and intercellular fluids**
- **Reduces pain**
- **Helps to balance joints**

To learn the Balance taping technique, we offer training seminars in different UK locations. For more information please contact our office.

New BT Extra 32 Metre Rolls

For the practitioner seeking to maximise the use of Kinesiology Tape we are now able to offer large rolls (32 Metres) Balance Tape.
Colours available are: Black, Flesh, Pink, Blue and Turquoise.

ONLY £28.50 Per Roll

Code	Colour
BT32FLE	Flesh
BT32BLU	Blue
BT32PNK	Pink
BT32BLK	Black
BT32TURQ	Turquoise

Additional Benefits include more economical less wastage

BT Extra

Code	Colour

BT extra 6 metre roll ONLY £6.50 10 rolls @ £5.75

BT Sensitive

Sensitive tape continues to have the same level of adhesive that practitioners are familiar with and is suited to all other patients with varying levels of activity.

Code	Colour
BT112FL	Flesh
BT113GR	Green
BT114PK	Pink
BT115RD	Red
BT116TU	Turquoise

BT Sensitive 6 metre roll ONLY £6.50 10 rolls @ £5.75

The qualities of the tape

- **100% cotton** (100% high-quality cotton allows skin to breathe.)
- **Water repellent** (offers extended wear (up to 7 days) without loss of benefit).
- **Latex free adhesive** (eliminates the potential for Latex Allergy problems. instead of latex adhesive, we blend the cotton fibres with Urethane (plastic). a totally Latex Free product is our way of ensuring we do not sensitise users to latex.
- **Non-toxic** (The adhesive in Hegu Balance Tape is a non-toxic vegetable product called Termsol, (part of the terpene class).
- **Different colours** (Hegu Balance Tape is available in eight different pure colours and may be used in colour therapy).

Balance Tape Guide

This taping guide is intended to exclusively provide infomation on the use of Balance Tape and its elasticity whilst treating a range of conditions.

OObrush®

DENTAL REVOLUTION®

This OObrush® electric toothbrush is a great choice for controlled, healthy brushing. It simultaneously cleans the inside and outside of teeth, and, with it's counter-rotating movement, it ensures proper brushing.

- Dual contra-rotating brushes
- Systematically follows the correct brushing technique from gum to tooth thanks to their counter-rotating movement
- Cleans simultaneously the inside and outside of the teeth
- Continuous pressure on-off button, to always control the functioning of the brush
- Equipped with a flexible head which automatically adapts to different dental arches and tooth shapes
- Ideal solution for those with braces
- Particularly suited to facilitate the brushing of disabled persons

A vitamin rich, non-greasy, replenishing hand cream that nourishes skin, leaving hands radiant and smooth. Enriched with Shea Butter, Melon Extract & Soybean Oil to replenish moisture and improve skin elasticity, keeping your skin soft, smooth and supple. Light and refreshing fragrance. Lanolin free. Not tested on animals.

Care & Nursing Home Products

Incontinence pads are manufactured using the lastest technological developments, designed for the well being of incontinent patients. They feature two absorption cores made up of extra absorbent cellulose and polymers. The upper core, located in the micturition area, is designed to be more absorbent and together with its leak proof barriers, ensure that the liquid is absorbed immediately, therefore avoiding skin problems.

Incontinence Briefs

Elasticated Brief 50-80cm Day	ALB0520	80/Pk	**£13.50**
Elasticated Brief 50-80cm Night	ALB0521	80/Pk	**£13.50**

Incontinence Pads

The garment's anatomically shaped design enables it to adapt perfectly to the patient's anatomy. It is discreet, making it especially well suited for cases of moderated and light incontinence, in both ambulant and bedridden patients. To hold the pad in place, cotton mesh pants are included with every 20 units. these pads also include a moisture indicator that displays when they should be changed.

New Products

In this edition we are introducing three new products lines to complement our range and offer customer a wider choice of products. Within the lighting section we have both desk and floor lights plus some innovative options in both Magnification and Non Magnification.
We have introduced a range of top quality dispensers that can offer excellent savings and long term durability putting you in charge of costs by selecting what product you want to fill them. The High Visibility colours are ideal to place next to self check-in screens to encourage patients to sanitize after registering.
Finally we are offering a stylish Infra-Red Non-Contact thermometer with two child friendly designs and on standard. These have been on trial in selected surgeries for over 12 months and been found to be excellent.

PHARDT hygiene

The Ingo-man dispensers are known for their durability and quality and as they are not the cartridge type, which often results in expensive refills, means you are in command of your costs, they also offer different dispensing nozzles to suit your particular product whether it is a liquid, gel or foam or spray. More importantly these dispensers can be refilled or just slot in the 500ml or 1000ml bottle you are using as they will accommodate a wide variety of bottles.

Touchless Dispenser

ingo-man plus T A Touchless dispenser for disinfectant solutions, lotions and liquid soaps with touchless sensor technology, 1.000 ml, matt-silver anodized aluminium, exchange-able and autoclavable stainless steel pump, different dosage adjustments (approx. 0,75/ 1,0/ 1,2 /1,5 ml), 1 clip "automatic dispenser", incl. bottle HDPE and 5 alkaline D-batteries

Neptune 1000 ml white Plain window

The Neptune 1 Litre dispenser, from Ophardt, is available as Manual or Automatic. This also contains a bottle that can be refilled and the nozzle can be changed to suit the lotion/soap used.

Elegantly styled dispenser offers the flexibility to accept a variety of pump choices and the freedom to choose colour and graphics – build your own dispenser!
High-end photo quality label options –
Use your imagination!
Complies with ADA's 4 inch rule
Hygienic disposable pump and cartridge system
Freedom to specify cover color to promote brand or align with label design
Includes mounting plate with tab feature for easy dispenser removal:
- for cleaning
- for interchange within the Neptune Family (i.e. from manual to touchless)
Pump engagement accepts choice of foam, alco-gel, lotion, grit/heavy duty soap, or spray – 5 in 1
Additional investment offers the ability to design and develop a custom cover
Secure trick lock

Non Contact Thermometer

Introducing a user friendly non contact thermometer that is ergonomically designed for user comfort

New Product

Features

- Precise non-contact body temperature measurements
- Selectable °C or °F & forehead heat detection
- Selectable Body and Surface temperature
- Set alarm value and sound alarm
- Memorization of the last 32 measurements
- Automatic Data Hold & Auto power off
- Automatic selection range and Display Resolution 0.1°C(0.1°F)
- Backlight LCD display
- Measuring distance (Distance to Spot size) 8:1

Body temperature range	30.0°C to 42.5°C/86°F to 109°F
Surface temperature range	0°C to 60°C(32°F to 140°F)
Resolution	0.1°C/0.1°F
Basic accuracy	±0.3°C at 30°C~40°C/86°F~104°F Range
Measuring distance(806)	Body temp.:5-15CM (Surface temp: 8:1 Distance to spot size)
Response time	0.5 secounds
Over range indication	LCD willshow"Hi"/"Lo"
Emissivity	Fixed at 0.95
Spectral response	6~14um
Power off	Automatic stuf off after 7 seconds, approx.
Operating temperature	0°C to 50°C (32°F to 122°F)
Storage temperature	-20°C to 60°C (-4°F to 140°F)
Relative humidity	10%~90%RH operating, <80%RH storage

806

Available in three designs, one standard and two child friendly designs, As seen above and below. These have been on trial with selected surgeries for over a year offering reliability as well as a considerable saving on disposable probe covers.
